Welcome Back Platypus!

Rola are pleased to welcome back to the range their Platypus Expandable Roof Top Bag.

The Platypus roof top expandable bag has a 424 litre capacity with 8 easy fit straps to ensure a secure fitment in the Vortex or other luggage basket or tray.

Its unique cinching straps allow a reduction in surface area of the bag when it's not at capacity to ensure it's nice and tight to reduce that annoying "flapping" that can occur when highway driving.

The Platypus Bag is weatherproof and is just what you need to throw your extra goodies on the roof when you're heading to the beach or on an extended outback tour.

For extra space unzip the bag like an expandable suitcase. The sporty looking bag is a storage friendly solution – not taking up too much space in your garage when not in use. With a five year limited warranty the UV resistant bag will see you through many excursions!

The Platypus Bag can be purchased on its own, Part # 59100 at RRP \$199 or as a bundle with the Vortex Tray for \$399. This promotion bundle price is for a limited time, so be quick!

The very competitive RRP at \$199 will allow consumers to make an easy purchase decision when choosing a bag from the range available on the market.

The Platypus is in stock and available now!

Contact your local Rola retailer or call our Customer Service Team now to place your order for the Platypus Bag on 1800 888 565 or sales@rola.com.au.

Contact Renee, Rola Product Manager, for more information on this product at rkieseker@cequent.com.au.
