

Rola Roof Racks  
20-50 Waterview Close  
Dandenong South VIC 3175  
ABN:60 004 546 543  
A Division of Trimas Corporation Pty Ltd

September 2009

## ***Rola Roof Racks are going global!***

***Do you want to take all your toys on holidays with you but can't fit them...?  
With Rola Roof Racks global - you can attach your bike, board and basket  
to the roof!***

***The introduction of the "global" channel means all your roof rack  
accessories now fit Rola.***

### **REX: Extended Xtreme Bar Launch**

Our REX extended xtreme bar will now allow global accessories to be mounted. Rola will shortly update the APE, RME, and GME Roof Rack Range.

All existing RE fitments will be converted to REX fitments in November 2009.

The REX Series brings you added functionality with:

- Slim lined extended rack giving additional rack width to accommodate wide or larger loads.
- Key lockable end cap for added security.
- Global channel bar allows for use of a greater range of accessories including Rola, Thule, Rhino & ProRack universal.
- Fully detachable design for vehicles with factory fitted rail bars.
- Vehicle specific hardware gives you the perfect fit for your vehicle.

Please note current fitments will not become obsolete or unsaleable. The current range of fitments is still valid and will still be serviced and warrantied as per the Rola Warranty document.

The only differences between the current fitments and the new fitments are the lockable end cap and the Xtreme cross bar, all straps and fit kits remain the same.

*Original Part Number: RExxx*

*Replacement REX Part Number: REXxxx*

*Description: Rail Bar Extended Roof Rack Kit*
