Press Release

ToyLok Loop it, lock it and leave it.

ToyLok Advanced Security System has a tamper resistant design that makes it difficult for scavengers to swipe your stuff!

It's simple yet impenetrable design secures everything from ATV's and bikes to your portable tools, generators and camping gear.

Housed in a sealed compact case, ToyLok attaches to your vehicle frame using one of many available mounts. Just extend the retractable security cable, loop it through your toys and lock it with our specialty padlock.

ToyLok uses state-of-the-art components and powder coat chip resistant finish, so it's maintenance free and easy to use.

ToyLok retractable cable offers unrivaled strength, versatility and convenience. The welded steel compact case offers tough braided steel security for any and all of your belongings. Safety brakes slow the retraction of the PVC coated security cable while stainless steel cable ends protect from damage and use.

- Finely braded steel PVC coated cable defies bolt cutters
- 11 gauge welded steel construction
- 3 year manufacturer's warranty
- Breakaway security nut
- Rated to 8,000 lbs.
- Retraction clutch prevents cable snap back
- Safe and easy to use by the entire family

ToyLok is available in 2 sizes:

TL1020: Toylok Original

The original Toylok offers 5.5 metres of cabling with a steel case.
